CULTURE WALKING TOUR IN ZELL AM SEE

A SCHLOSS ROSENBERG - TOWN HALL Brucker Bundesstrasse 2

A traditional Salzburg residence built on quadratic foundations with four corner towers and one central tower. Constructed in 1583 and named after the builders, Karl and Hans Rosenberger. 1970 bought by the town and became the town hall.

B VOGTTURM (KASTNERTURM) town square

It is the oldest building in the town, probably constructed before the year 1000. Named after the businessman Johann Kastner who acquired the building in 1866.

C SAINT JOHANNES VON NEPOMUK town square

In order to protect themselves from further flooding, the people of Zell built a chapel in 1770 to honour the Saint of Bridges, Saint Nepomuk, in the market square. Saint Johannes Nepomuk (christened Johannes Welfin) was born in Pomuk, near Prague in 1350. He was seen as devout, incorruptible and an excellent preacher.

D TOWN FOUNTAIN town square

In 1855 Archbishop Wolf Dietrich von Raitenau gave the fountain to tenure. In 1885 it became the property of the Zell am See market town. In 1894 a water pipe was constructed and the fountain taken away. In 1954 the fountain was erected once again with the aid of donations from the local population. Important historical events of the town are depicted on its side panels.

E DISTRICT COUNCIL OFFICES town square

A Gothic house constructed before 1500. Bought by the Archbishop Wolf Dietrich in 1606, it became the administrative centre for rural judges. Redesigned between 1841 - 1848. Then in the hands of the treasury from 1867, the federal government from 1928, the German Reich from 1942, the parish of Zell am See from 1943 and finally it became the property of the State of Salzburg in 1971.

F 'ST. HIPPOLYT' PARISH CHURCH town square

Roman construction with Gothic extensions, probably dating from the 11th century. The high altar and side altar, as well as the tricoloured window, date from the neo-Gothic period (around 1900). The church contains a series of ancient, red marble tombstones originating from the year 1372.

G MARIEN CHAPEL near parish church

The Marien Chapel was built, in 1774, on the site of 'Our Lady of the Forest' Church which was destroyed by fire in 1770. The most admired cult object of this chapel is a painting of the 'Ährenkleidmadonna', called the 'wheat woman of the Pinzgau' by the locals.

H THE 'AUSTRIAN FOUNTAIN' at Grand Hotel

Designed by the famous Austrian artist Friedensreich Hundertwasser. The fountain can be admired near the Grand Hotel terrace beside the lake. Hundertwasser dedicated the fountain to the nine provinces of Austria, each represented by a column.

I WEYRINGER'S SCULPTURES Elisabethpark

All three sculptures - the eagle (epitomizing earth), capricorn (determination) and the flower (nature) - created by sculptor and painter Johann Weyringer - point out the diversity of the region's flora and fauna, and the importance of its protection.

J FERRY PORSCHE CONGRESS CENTER Brucker Bundesstrasse 1a

Together with the holiday destination Zell am See-Kaprun the Ferry Porsche Congress Center offers a great package for your event. Up to 1.200 visitors can be seated in the versatile rooms of our house which can be easily adapted to the requirements of small conventions as well as of major congresses. www.fpcc.at

K ART ON THE MOUNTAIN Schmittenhöhe

Art and nature become one on the Schmittenhöhe. An all year art exhibition to delight hikers and winter sports fans alike. Discover wooden sculptures along slopes, the hiking paths and in the mountain lake Brunnermais.

L ELISABETHKAPELLE (ELISABETH CHAPEL) Schmittenhöhe

Built between 1904 and 1905 in honour of her Royal and Imperial Majesty, Kaiserin Elisabeth. Opened on the 10th anniversary of the Kaiserin's death from Kardinal Erzbischof Dr. Johannes Katschthaler.

M CALVARY OF ZELL AM SEE between centre and Einöd

The Calvary was constructed by local artists, as a late Baroque structure, between 1756 and 1770. The statues in the eight chapels convey Christ's ordeal.

N PRIELAU CASTLE Hofmannsthalstrasse

This castle was first documented in 1425 and obtained its present form and character in 1560. After a varied history, the castle has been totally restored in the last few years.

PRIELAU CASTLE CHAPEL

Hofmannsthalstrasse

The Hl. Dreifaltigkeit Chapel adjoining to the Prielau castle was sanctified by Archbishop Jakob Ernest, Earl of Lichtenstein, in 1745.

HERZ-JESU-CHAPEL

Mitterbergweg 155

Built in 2012: Family chapel at the Mitterberg with a beautiful panorama

SCULPTURE PARK

Pocherweg

The Sculpture Park in Thumersbach shows examples of contemporary use of materials – stone, wood and metal – in a surprisingly unconventional way. Working on location was a chance to specifically examine the materials on one hand and the location on the other.

LOHNINGHOF IN THUMERSBACH

Seeuferstrasse 6

A manor house erected by Archbishop Konrad of Salzburg. It was named 'Lohninghof' in 1527 after the lord of the manor, Leonhard Laninger. It is under national trust since 1966.

LOCAL GUIDE

Centre of Zell am See, www.zellamsee-kaprun.com/localguide

Experience a digital city tour through Zell am See. Local and well-known personalities will tell you at 10 stations about interesting places and fascinating stories via your smartphone.

CULTURE WALKING TOUR IN KAPRUN

JAKOBSKAPELLE (ST. JAMES CHAPEL)

Kaprun castle (see page 15)

The castle chapel, dedicated to St. James (the Greater) has been standing on a slope, to the west of the castle, since 1562. The chapel has a simple ground plan typical of the 16th Century. Its contemporary appearance with a so-called ridge turret (a wooden tower jutting up from the roof), square windows and interior design, is due to Barock renovations from 1743 – 1736. There is an inscription referring to this alteration on the triumphal arch.

MEMORIAL TO A RUSSIAN BURIED UNDER THE CASTLE

Kaprun castle (see page 15)

A memorial to the Russian buried under the castle was subsequently placed.

TOWN HALL

Wilhelm Fazokas Strasse 20 a

The town hall was built in 1953 – 1954 under Mayor Dipl.-Ing. Friedrich Nyvelt according to the plans of the architects Dipl.-Ing. Kurt Glondys and Dipl.-Ing. Erich Dorn. After a general refurbishment in 2017, the municipal office, the police inspection, the post office and an insurance office are currently housed.

ANTON THUSWALDNER FOUNTAIN

Salzburgerplatz

The fountain at the 'Salzburgerplatz' was created in 1980 by artist Anton Thuswaldner. The round stone fountain is decorated with typical figures of the artist.

KAPRUN PARISH CHURCH 'ST. MARGARETHA', POWER PLANT CONSTRUCTION-MEMORIAL PLAQUE, MEMORIAL SITE

Kirchbichl

The Barock church was rebuilt to its contemporary neo Gothic form in 1900. It is dedicated to St. Margarethe and was renovated, inside and out, from 2006 – 2009.

The memorial plaque in the cemetery commemorates the many victims during the construction of the power plants. The memorial in the church cemetery was built in remembrance of the many unknown dead of Kaprun.

MEIXNERHAUS

Kirchbichl

The Meixnerhaus dates from 1714 – this is written on the ridge of its roof. The cellar appears to be substantially older. The house has belonged to the parish rectory since 1912 and is used for many different parish occasions and events: ranging from choir practices to Christmas singing, from ministrant's lessons to Advent on Kaprun's Kirchbichl.

BARBARAKAPELLE (BARBARA CHAPEL)

Barbarastrasse

The Barbara Chapel is a modest construction, rebuilt in 1953 – 1954, according to plans by Fidelius Schmid. The five-sided apse, with a south-facing vestry, adjoins the hip-roofed nave on the eastern side. The ridge turret, with its high pointed spire, is situated over the western front wall. Square windows structure the building. There is a niche with the Station of the Cross, over the north-west entrance, with the mosaic inscription 'Jesus carries the Cross on his shoulders'.

ANTON THUSWALDNER - SCULPTURES & PICTURES **former Villa Bürg (parking Sigmund-Thun-Gorge)**

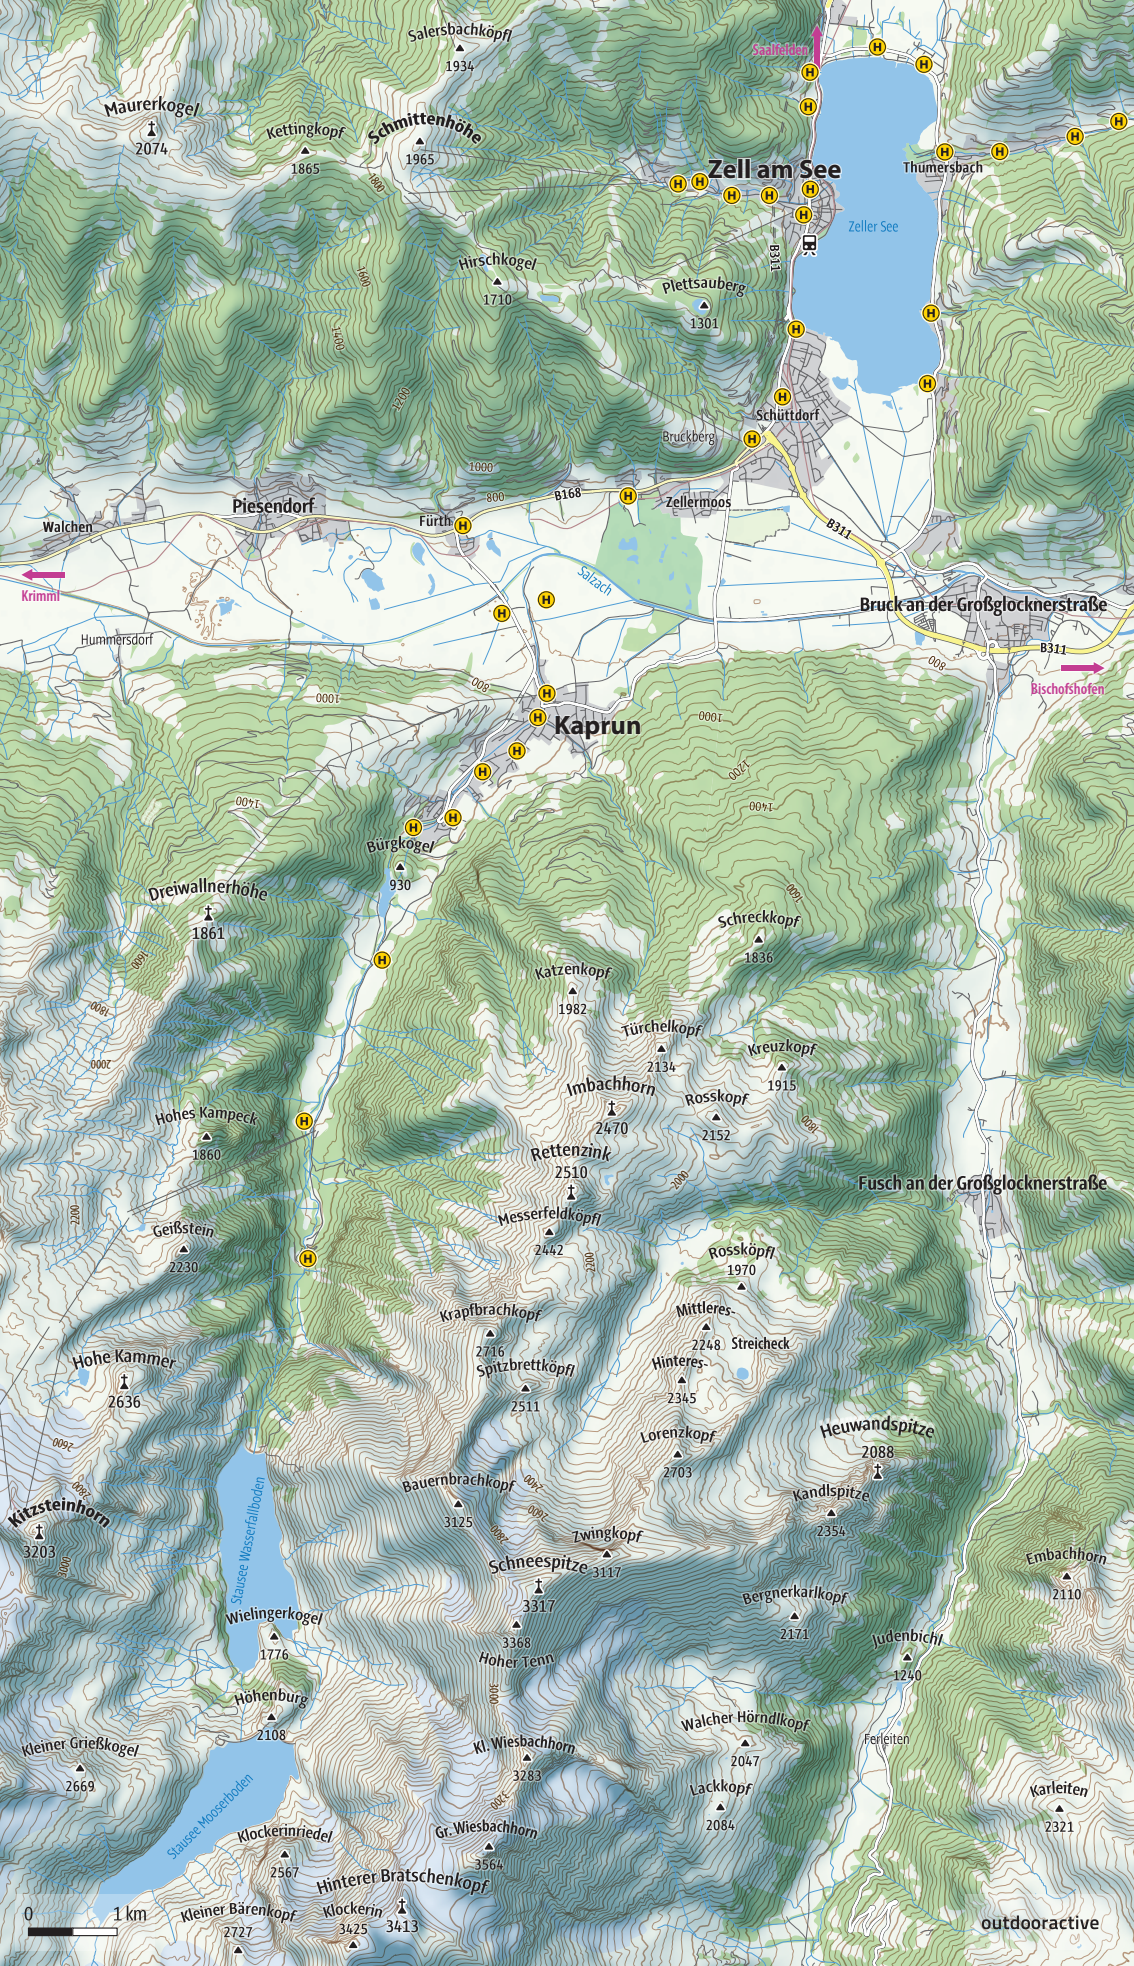

One can view many sculptures and paintings by this artist in the former Villa Bürg. Numbers and letters are always integrated into Thuswaldner's sculptures and paintings, so that the artist's message can be conveyed to the viewers.

MEMORIAL SITE 11.11.2000

valley station Gletscherbahnen Kaprun

The memorial site next to the bottom station car parks of the Gletscherbahn cable cars is an interdenominational room built in remembrance to the disastrous fire in the Kitzsteinhorn tunnel. The interior of the site has the characteristics of a train and is a long, unpretentious concrete building. There is a glass louvre window for each victim, through which light shines.

NEW MOBILITY CARD: OUT AND ABOUT WITH 100 % FREE OF CHARGE MOBILITY IN ZELL AM SEE-KAPRUN

From 01.05. - 31.10.2019, the Zell am See-Kaprun region can be explored in comfort and free of charge by all means of public transport – including train, postbus and the Pinzgau local railway (except steam trains and special trains). Every guest receives the mobility card for the first time in summer 2019 and can experience the region and all of Pinzgau completely free of charge.

Regardless of when and to where – this summer you leave your car at the garage of your accommodation and discover the region in comfort by public transport. And all this is less stressful and more environment-friendly than ever.

The mobility card is included at every accommodation in Zell am See-Kaprun and you get it automatically with the guest card. Just board, show your card and enjoy all public transport services for the entire length of your stay.

HIGH ALTITUDE PROMENADE

Panoramic hiking path between the summit and Sonnkogel. Many theme-orientated signs, viewing platforms, a marmot cave, a beehive and the magnificent 360° panoramic view from the path make everyone's heart beat faster.

E-MOTOCROSS PARK

No noise, no emissions but full power all the same - with electrically-powered motorbikes for adults and children. Teens and adults drive the electro-motorcycle by KTM, while children step on the gas on OSET-bikes.

SCHMIDOLIN'S BAPTISM OF FIRE

At the adventure path beautiful nature and different stations with tests of courage are awaiting little guests. Climbing, scrambling, rocking or sliding - that's what you get on the play stations known as Schmidolin's adventure places.

DISCGOLF-COURSE

Frisbee and Golf in an unique combination results in Discgolf. At the Sonnkogel at 1,850 m starts Austria's highest Discgolf-course. Discs can be rented at the Infocenter, at Sonnkogel restaurant and mountain station Sonnkogelbahn.

THE "MYSTICAL FOREST" SAGAS HIKING TRAIL

This mystical forest takes you along on an eventful journey into the world of legends. Experience the stories up close at the various stations on site. The kids are guaranteed to be thrilled by the new adventure playground on the Schmiedhofalm.

RESERVOIR PLETTSAUKOPF

Here everything revolves around water. While children are splashing and playing at 'Schmidolin's pond', parents can relax on comfortable wooden lounges and enjoy the panoramic view.

HERBAL HIKING TRAIL

Along the alpine herbal hiking trail on the Schmitten, visitors can enjoy the huge diversity of local wildflowers and herbs not only those growing wild in nature, but also at a refreshing herb garden on the terrace of the Sonnkogel Restaurant.

12 VÖTTER'S VEHICLE MUSEUM www.oldtimer-museum.at
 The museum presents vehicle history from the 50s to the 70s, the 'economic wonder years' – as well as older cars, tractors, motorbikes, radios, telephones and films. It has vehicles ranging from small cars to the biggest cabrio in the world, an 1893 steam locomotive, an apartment decorated in 1950s style and other rarities. The exhibition is over an area of ca. 1,400 m² with about 200 exhibits.

An Audi e-tron doesn't rest, it takes power naps.

More personal freedom and mobility: The Audi e-tron is the first production vehicle which can be charged using 150kW fast charging stations, making it ready for the next long-distance journey in 30 minutes. Its high-performance, high-voltage battery guarantees a range of 400 kilometres for everyday use*. The new generation quattro provides optimal traction and dynamics.

Electric has gone quattro.

*measured during WLTP cycle. CO₂ emissions in g/km: 0.
